Lipper figures represent the average total returns reported by all mutual funds designated by Lipper Inc. as falling into the respective categories indicated. They do not reflect sales charges.

Yield will vary. Yields quoted for money market funds most closely reflect the fund's current earnings.

The 7-day net annualized yield (simple) is based on the average net income per share for the 7 days ended on the date of calculation, and the offering price on that date.

Total return represents the value of an investment after reinvesting all income and capital gains. Total returns for less than one year are cumulative.

This information must be preceded or accompanied by a current prospectus or summary prospectus. Please read the prospectus or summary carefully before investing or sending money.

¹Income may be subject to the federal alternative minimum tax. tax-exempt exempt securities of any of the 50 states, the District of Columbia, Puerto Rico, and other U.S. territories and possessions.

The 7-day effective yield is based on the 7-day net yield and is then compounded and annualized.

Weighted Average Maturity is the average time to maturity of debt securities held in the fund.
